The Study Materials Aimed to Help You Pass the Certification Exam

Exam : **HPE2-E74**

Title : **HPE Sale Entry Level SOLUTION
2021**

Vendor : **HP**

Version : **DEMO**

NO.1 What is one key difference between SMBs that use hybrid cloud and other SMBs?

- A. The SMBs using hybrid cloud no longer need to train IT in complex private cloud tools.
- B. The SMBs using hybrid cloud are often able to eliminate the use of public cloud within a year.
- C. The SMBs using hybrid cloud spend slightly more on IT but increase security
- D. The SMBs using hybrid cloud improve flexibility and visibility and reduce downtime.

Answer: D

NO.2 What is one business driver that can make a customer a good candidate for HPE SimpliVity solutions?

- A. The customer is looking for ways to collapse server and storage siloes and to reduce the complexity of traditional IT.
- B. The customer is looking for a way to backup data from a variety of sources such as HPE Nimble arrays.
- C. The customer has workloads in which compute and storage scale in an uneven and unpredictable manner.
- D. The customer is looking for an automated, Tier 0 storage solution for mission critical databases.

Answer: A

NO.3 For which use case is the HPE SimpliVity 380H model specifically designed?

- A. For supporting lower-latency performance for analytic workloads
- B. For supporting a high-density Virtual desktop infrastructure (VDI) environment
- C. For providing backup and archival for other SimpliVity clusters
- D. For providing enhanced compute power for high-performance computing (HPC)

Answer: C
